## APRIL, 2024

Spring is here and so is our first ever newsletter!

First of all, we want to say a big welcome to all our staff and students all around the world who have joined our SOTS family in the last six months. We are thrilled to have you on the team and desire God's best for you in your studies if you are a student and if a staff, in your affiliate partnership or volunteer staff roles.

The Sword of the Spirit Bible Institute (SOTS) is a Christ-Centered training ministry. It is the educational arm of DOZme International Ministries, a global Christian organization that was founded in May 2011 in the state of Idaho and is legally registered as a Christian organization in both Idaho and New Mexico, USA.

SOTS training program was developed in September 2019 for individuals who are seeking a deeper knowledge of God and His Word, have a desire and calling for ministry service, are current ministry leaders or workers seeking to advance in their ministerial assignments, desire to become missionaries and plan to serve in rural/underserved communities and finally, our program was designed for individuals who are cannot afford the high tuition costs to attend a traditional or online Bible College and desire quality Christ-Centered training.

Today, SOTS has trained over 600 individuals in 25 countries around the world such as Australia, India, Zambia, Namibia, Nigeria, Philippines, Kenya, United States etc. The countries of Zambia, Namibia and Nigeria are presently where we have the most students. Courses available 100% online and face to face where we have training centers.

## The President's Corner

Greetings SOTS family, I am excited about the launching of our first newsletter. It is an additional platform where we can share with our staff, students, alumni, and friends of the ministry all the happenings of our great training program.

Our vision as a ministry is to transform the lives of men and women of faith using the Word of God and having them in return, become God's instruments in local communities around the world.

SOTS training program offers certificate and diploma programs to our students. There are currently 23 certificate programs offered at NO cost to all. Courses range from Addiction and recovery Counseling to Strategic Spiritual Warfare. Our diploma program is designed to be completed in one year. It is tuition-free, with a nominal enrollment and graduation fee required. The majority of our courses are provided via the Harvestime International Network Curriculum.

In September, SOTS will be celebrating five years of training men and women of faith for Christian service. We bless the Lord God for His faithfulness over the years, and we look forward to greater work ahead.

I personally want to use this opportunity to appreciate all our board members, Dr. Tayo O., Mrs. Victoria K., Pastor Daniel A., and Pastor J.J for their continuous prayers, encouragement, and financial support. You are a vital part of this ministry assignment. Looking forward to continuously working together with you all this year and the years to come.

**In His Service,**

**--Dr. Mrs Margaret O. & The SOTS team**
